Praying for Strength to go Door-to-Door!
By Susy Solomon

Going door-to-door and witnessing has never been easy for me. I keep praying that God will use me and give me courage to share for Him and I believe God is answering my prayers!

For the past five weeks, my friends and I have invited people to evangelistic meetings we are having at our church. We also have gone out on Sabbath, sharing books like *Steps to Christ*, *The Great Controversy* and health books. As we have done this, we have felt God’s power giving us boldness. We know this is a direct answer to prayer.

One particular Sabbath, feeling even more eager for God’s blessing, we fasted and prayed that God would send His Holy Spirit and give us strength to witness. We also prayed that He would lead us to just the right people that needed our materials. That day as we went out, I felt a freedom to speak and greet people like I hadn't felt previously. I smiled freely as I offered the books and determined that no matter who answered the door, I would offer them a book. Even a Muslim woman accepted one of our books.

What was most encouraging was seeing how God led us to just the right people. One man had actually been praying and asking God to give him something to read, and then we showed up with a book. Others started reading our materials on the spot. One lady shared that she had just lost her daughter and was grieving. As a result, we had the opportunity to share hope with her and pray for her.

While we don’t know exactly what will happen as a result of our efforts, we know God is working. And we rejoice that He is answering our prayers and taking away our fear. He wants all to be saved. He left heaven for us. Can’t we leave the comfort of our homes to go out on the street for Him?
